The image shows a subtraction problem $447 - 238$ with a borrowing diagram. The numbers are written in red on a grid. A purple box highlights the 447, and a green box highlights the 238. A horizontal line separates the two numbers. To the right of the numbers, a yellow box contains a purple arrow pointing from the 7 to the 4, with the word "XIN" written in purple. Below the arrow, a row of ten black 'x' marks is shown.

$$\begin{array}{r} 447 \\ - 238 \\ \hline 209 \end{array}$$
